RE: Water Right Permit No. 23-07062

Dear Permit Holder(s):

The Idaho Department of Water Resources is reviewing the permit referenced above prior to issuing a water right license. By issuing a license, the Department confirms the extent of development that has been established in compliance with the terms of the permit. The examiner who verified your water use reported that certain elements of the permit have been developed differently than described on your permit. Changes that do not increase the authorized use of water under the permit can be requested and approved in accordance with Idaho Code § 42-211. Before a license can be issued, your permit must be amended to depict your water use as it was actually developed. Based on the examiner's report, the following elements were developed differently than described on your permit:

☒ **Point(s) of Diversion**

☒ **Place(s) of Use**

☐ **Other**

The enclosed Application for Amendment form depicts the elements of the water right as they will appear on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it with the \$50.00 filing fee within 14 days.

Additionally, the examiner reported that your mailing address described on the permit may not be current, P.O. Box 1568, Jackson, WY 83001. If this is not your current mailing address, please complete the enclosed Change in Address form and return it with the licensing amendment form.

If you have any questions, please contact me at (208) 287-4943.

Sincerely,

Aaron Marshall
Sr. Water Resource Agent
