Re: Application For Permit to Appropriate the Public Waters of the State of Idaho

Dear Mr. Frangione:

In processing your application for a permit, the department discovered an error in the upgrade fee for your well. Your well was constructed in 1993 and at that time the required drilling permit fee for a domestic well was \$35.00. The well construction fee for any other use was and still is \$200.00, therefore, the upgrade fee for wells constructed between 7/1/1990 and 6/30/1997 is \$165.00. You've already paid an upgrade fee of \$125.00. The department will go ahead and advertise your application but, before a permit can be issued an additional upgrade fee of \$40.00 will be required. When submitting the additional fee, please refer to permit No. 95-10232.

The department apologizes for this inconvenience and if you have any questions, feel free to contact me at this office.

Thank you.

Sincerely,

Keith E. Franklin
Senior Water Resources Agent
