Debbie,

Could you respond to Rob's letter please. We'll need to acknowledge his letter and confirm that a lapsed permit can be reinstated with proper evidence. We've already received the reason for delay in filing proof. Looks like we still have the proof statement and fee on microfilm (I couldn't see where it was ever returned). We should also acknowledge that the stub-in practice is IDWR's policy regarding the domestic use, but the irrigation use needs to be separately supported with sufficient evidence of actual irrigation within the authorized time period. Irrigation use should document diversion of water from a well, since the land is also in a surface water service area.

Thanks,
 Jeff

Jeff,

Rob Harris sent this request for reinstatement to the Director. I don't see anything unusual about the request that would justify sending it directly to Dave. Could you ask someone to respond acknowledging the request and reiterating the request for information? Thanks.

Gary

Gary, I am forwarding this request to you. I have no information about it.

Thanks,

Dave

Director Tuthill:

Please see the attached letter regarding an lapsed permit issue. My clients requested that I provide

2/23/2009

this to you directly, and hope that the permit will be reinstated. A regular copy also is being sent today.

Thanks in advance for your assistance.
