Re: Notice of Intent to Deny or Reject Application for Transfer No. 69327, Water Right No. 63-9276

Dear Maria:

The Idaho Department of Water Resources (IDWR) wrote to your director on February 24, 2009 regarding this application. That letter summarized the issues preventing approval of the application at this time. An offer was made to conduct a conference if your agency wished to do that. IDWR has not heard anything from the applicant since the February letter.

Please let me know the intentions of your agency for this application. Without the additional information previously requested by IDWR or at least without clarification of your intentions in this matter, IDWR would issue a preliminary order to deny or reject the application as noted in the February letter. For example, one recourse is to request an interruption in processing for up to six months while you consider your options.

Please provide your written response within the next thirty (30) days. Thank you for your attention to these matters.

Sincerely,

A handwritten signature in black ink that reads "Steve Lester". The signature is written in a cursive, flowing style.

Steve Lester
Water Rights Supervisor
