RE: PERMIT NO. 63-11875

Dear Permit Holder:

The Department of Water Resources received the Request for Extension of Time to submit proof of beneficial use form you submitted in connection with the above-referenced permit. Enclosed is a copy of the approved request which extends the proof due date to **April 1, 2010**. This approved request reinstates the permit since the request and the filing fee were submitted after the proof due date, and the priority of the permit advances to June 4, 1992, as referenced in Section 42-218a, Idaho Code.

Please note that the department granted this extension based on evidence of good cause. It is important that you work diligently toward the completion of this project during the construction period allowed.

It appears that you may have completed the project. If you have completed the project and are irrigating the full 83.2 acres, submittal of a Statement of Completion for filing proof of beneficial use would be appropriate. I have enclosed the statement form, its instructions and fee schedule for your convenience. Please read the Statement of Completion instructions and if you have questions, please contact me at (208) 287-4942.

Sincerely,

Deborah J. Gibson
Administrative Assistant
