Re: Ownership Change

Per phone call received today from Gerald Washbon, the previous owner cannot be located to complete an assignment of permit. The Washbons are mailing in a statement to be placed in this file.

I told Mr. Washbon that the ownership change request would remain in the file as unprocessed until the time of licensing. Mr. Washbon also indicated that the place of use is only on his property. I told Mr. Washbon that once the field exam was conducted, a determination would be made regarding the need for an amendment and/or the splitting of the permit.

No fees have been paid for the ownership change for this water right. The fee required will be based on the findings of the field examiner. The Washbons are mailing in \$50 for the ownership change of two other water rights (75-10104 and 75-10105).
