Subject: RE: Tulcek Transfer #73901 Hearing Schedule

John,

Go ahead and prepare a Notice of Hearing for the Tulcek Transfer and put Jeff Peppersack as hearing officer. He should be able to get one practice hearing with Gary under his belt before then. I've got Conference Rooms C&D reserved on October 14 & 15.

If he's lucky, they'll settle and we'll schedule him for another one.

Thanks!!!!

Debbie

Subject: Tulcek Transfer #73901 Hearing Schedule

Debbie:
Please forward this to Gary & Shelley at will for confirmation-- (maybe after the hearing)

This is a transfer that resulted from a violation consent agreement with Jerry Tlucek near Melba in 2005. The transfer is simply placing an existing ground water right in a PPU to comingle with Boise Kuna District water.

The protestant is an individual claiming well interference. (representing himself). Scott Campbell represents Tlucek. Campbell is making a sincere effort in getting this settled, so I doubt it will go to hearing. Parties requested a hearing for backstop.

Would like to request a hearing (2 day block) October 14 & 15, 2009
Debbie would you reserve 2 rooms at the SO, the smaller 2 are fine-- 8-10 folks max.

Let me know if this is a go. We will send out the hearing notices.

Thanks
John
