Response to Questions 1-8 on the
Application for Extension of Time to
Avoid Forfeiture of a Water Right

ATTACHMENT B

Response to question #9 on the Application for Extension of Time to Avoid Forfeiture of a Water Right:

9. The five year statutory period of non-use for establishing forfeiture tolls upon the filing of a claim in the SRBA until a Partial Decree is issued. The Partial Decree for this right was issued on March 16, 1999. *See, In Re: SRBA Case No. 39576, (Wood v. Trout) 65-05663B, Order of Partial Decree, May 13, 2002.* This water right has not been put to beneficial use since March 16, 1999.

ATTACHMENT C

Response to question #10 on the Application for Extension of Time to Avoid Forfeiture of a Water Right:

10. The United States believes that it has valid defenses to forfeiture including but not limited to Idaho Code §42-223 (6). However, as a matter of comity, the United States files this *Application for Extension of Time to Avoid Forfeiture of a Water Right* as a precautionary measure.

Until such time that the United States may be able to put the water to beneficial use, the United States requests a five year extension of time. During this period the United States will work with the IDWR to explore alternative solutions for resumption of use of this water right, including consideration of placing this water right in the Water Bank operated by the Idaho Water Resource Board.
