Subject: Transfer of Water Right Licenses 65-12985 and 65-13457

Dear Steve:

Enclosed on behalf of Lonnie Bramon of Terrace Lakes Recreational Ranch, Inc. is a water right transfer application. This transfer is for water right licenses 65-12985 and 65-13457. It proposes to add additional points of diversion and eliminate one point of diversion. Due to recent well tests, the transfer includes minor changes to proposed points of diversion in the proposed transfer that was attached to a letter dated February 24, 2006 to Shelley Keen regarding licensing the water rights.

A check for \$250 is enclosed to cover the transfer application fee.

Please contact me with any questions.

Sincerely,

Michael Martin, P.E.
Associate Engineer
