

Dear Mr, Martin,

Your request for an extension of time to supply the needed additional information has been granted. Please submit the requested information to allow final evaluation of your application to be completed within this one year period. You may seek another extension of time to provide the information if needed by making a written request to delay or interrupt processing, however, any further requests for additional time will need to be accompanied by documentation that shows that you have been actively pursuing this application. I am only allowed to grant one extension of time. Further extensions must be approved by Department management for special circumstances. The information for a second extension of time should include time lines and correspondence that shows the need for the additional time. Your written response including the requested information, or a request for more time to seek the information, must be received by 3/13/2009. The application will be voided without a timely reply.

Dan Nelson

Subject: Transfer 73986 Clarification - Request for Extension

Dan,

We are requesting a 1-year extension regarding your letter on the clarification of Transfer 73986. We would like to further investigate the legal description of the Terrace Lakes Recreational Ranch POU to accurately correct it on the transfer. Please let me know if you need any additional information from SPF or Terrace Lakes Recreational Ranch. Thanks.

Mike
