RE: Change in Ownership for Water Right Nos. 57-1205, 57-2285A, 57-2285B, 57-1202, & 57-1207

Dear Applicant:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership received on September 18 2008. During our review, we found a discrepancy between the warranty deed you submitted and the legal description of the place of use for the water right. I have enclosed a copy of the water right.

The water right is for irrigation use on 10 acres. The legal description on your deed does not cover these 10 acres.

To complete the ownership change as submitted, we will need proof of ownership of the entire water right place of use. Or, the water right can be split. However, the fee for an ownership change resulting in the division of a water right is \$100. The \$125 received with your application can be applied to a split fee, in which case \$375 would be due.

The Department cannot process the ownership change without proper documentation. We will hold your application for 60 days pending receipt of the necessary information or fee. If we do not receive the documentation within that time, we will return your notice and all attachments unprocessed.

Please feel free to contact the Department if you have any questions.

Sincerely,
