Total Acres: 313

CONDITIONS OF APPROVAL

1. Rights 34-7182, 34-10933, and 34-10950 when combined shall not exceed a total annual maximum diversion volume of 1095.5 af at the field headgate and the irrigation of 313 acres.
2. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 34.
3. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
4. Prior to the diversion and use of water under Transfer approval 75423, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of diversion in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.

WATER RIGHT NO. 34-7182
As Modified by Transfer No. 75423

CONDITIONS OF APPROVAL

5. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized point(s) of diversion in accordance with Department specifications.
6. Measuring devices and lockable controlling works of a type acceptable to IDWR shall be permanently installed and maintained at the points of injection and redirection.
7. This right when combined with all other rights shall provide no more than 3.5 afa per acre at the field headgate for irrigation of the lands above.
8. Water diverted under this right is exchanged by injecting water diverted under this right into the Big Lost River at the point of injection described above, and diverting an equal amount from the Big Lost River at the upstream point of redirection described above.
9. The use of water for irrigation under this right may begin as early as April 1 and may continue as late as October 31, provided other elements of the right are not exceeded. The use of water before April 15 and after October 15 under this remark is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than 2/6/2002.
10. Water diverted from the Big Lost River delivered through the Darlington Ditch.
11. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
12. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
13. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
