WATER RIGHT NO. 63-11816

5. The right holder shall maintain a totalizing measuring device of a type approved by the Department as a part of the diverting works.
6. The right holder shall make full beneficial use of all surface water rights available to the right holder for irrigation of the lands authorized to be irrigated under this right. The right holder shall limit the diversion of ground water under this right to those times when the surface water supply is not available or the surface water supply is not reasonably sufficient to irrigate the place of use authorized under this right.
7. If the surface water right(s) appurtenant to the place of use is sold, transferred, leased or used on any other place of use, this right to divert groundwater shall not be used without an approved transfer pursuant to Section 42-222, Idaho Code, or approval of the Department if a transfer is not required.
8. Place of use is located within Centennial Park.
9. Failure of the right holder to continuously comply with any condition of approval constitutes a violation subject to enforcement action under Sections 42-350, 42-351, and 42-1701B, Idaho Code. If the right holder fails to provide sufficient replacement surface water for ground water diverted under this right as required by the conditions of approval, the right holder shall pay the maximum penalty of \$300 per acre, for each acre irrigated. Continued violation will result in revocation of the license.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this 28th day of April, 2009.
