Re: Notice of Diversion For Instream Stockwater use

Dear Mr. Leibold:

The Idaho Department of Water Resources is reviewing your 3 "Notices Of Diversion For Instream Stockwater Use" and needs a clarification on the location of the land divisions. Please be more specific on the location of where the stockwater is to be used for each of the three applications.

Please refer to the attached example and mark on the second map, or aerial photograph, the boundary of each area that is to be subdivided with the corresponding location of the point of diversion and return the map to me at your earliest convenience. This will help in the department's data entry of your notices.

If you have any questions, feel free to contact me at this office.

Sincerely,

Keith E. Franklin
Senior Water Resources Agent
