Dear Water Right Holder(s):

We have received and processed a Change of Ownership for a portion of the original Water Right as referenced above. This Change of Ownership required a split of the original water right resulting in renumbering this water right, using a new water right number to represent each split. The new water right number for your portion is referenced above and a copy is enclosed.

Your portion of this water right has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form or you can find the forms at www.idwr.idaho.gov. If you do not plan on changing any items on your water right, then no further action is required at this time.

Thank you for your patience, as we have had several water right changes to process. Please feel free to contact this office at 334-2190 if you have any questions concerning the enclosed information or this letter.

Sincerely,

A handwritten signature in cursive script, reading "Jean Hersley". The signature is fluid and stylized, with the first and last letters of each word being capitalized and prominent.
