Case No. 39576

ORDER OF PARTIAL DECREE ON UNCONTESTED FEDERAL STOCKWATER CLAIMS BASED ON PUBLIC WATER RESERVE 107

FOR WATER RIGHTS: See Exhibit A

The above-captioned water rights were claimed both based on state-law and as implied federal reserved water rights pursuant to Public Water Reserve 107. The claims were included in the *Basin 75, Director's Report for Irrigation and Other Uses* filed January 11, 2007. No objections were filed to the claims. The United States elected to have each of the claims decreed based on federal law.

A hearing was held on May 20, 2008, as required by I.C. § 42-1411A(14), for the purpose of allowing the United States to demonstrate a *prima facie* case regarding the existence of the above-captioned water rights established under federal law. No party appeared in opposition. The United States filed an affidavit in support of its claims. The Court has reviewed the affidavit and heard the arguments of counsel in open court and finds that the United States has met its burden of establishing the existence and elements of an implied federal reserved water right for each of the above-captioned water right claims.

THEREFORE, IT IS ORDERED that the above-captioned water right claims are hereby decreed as set forth in the attached *Partial Decree[s] Pursuant to I.R.C.P. 54(b)*.
