Re: failed contact time extended

The Kermit Wiggins transfer 73931 can not proceed as the Wiggins do not appear to have ownership of the rights involved.

On 2/19/09 I sent a letter outlining the options available, to the Wiggins at their address in Cambridge. However, the letter was returned with "Temporarily Away; Return to Sender".

After a little research, I found that Mr. Wiggins is President of the Cambridge Telephone Company in Cambridge Idaho, that while he and his wife are in Lake Havasu AZ their son is operating the company and that he can forward the letter to his parents.

I mailed a letter with the same 30-day response request but with today's (2/26/09) date to allow the Wiggins some additional time to respond.
