RE: Letter of February 26, 2009 in regards to water rights numbers 67-14586, 67-14588,
and 67-14592

Dear Sir:

The water rights in question were mistakenly transferred to Mr. Newbill, from reservoirs on property I still own. Mr. Newbill has no way to obtain the water, and has admitted repeatedly that he has to way to claim the water. We have sent Mr. Newbill the necessary papers for transfer of the water rights and have received no reply.

I am out of the area for the winter but am planning to return next month. When I return to Idaho I plan to pursue this transfer of rights vigorously.

Sincerely

Kermit Wiggins
