RE: Permit Nos. 36-8538 and 37-8828

Dear Ms. Lamb:

Thank you for submitting the assignment of permit for permit no. 36-8538. The ownership of the permit has been updated. I have enclosed a copy of the water right report which lists the current owner as MIPAD Limited Partnership.

As noted in our previous phone conversation, permits or applications for permit are considered personal property. If the permit holder of record is not available to assign their interest in the permit, the permit will remain in the name of the permit holder of record. If and when the permit reaches the licensing stage of the process, the notice of change in water right ownership can be processed. I will see that a copy of your letter and the notice of change in water right ownership are placed in the file for application for permit no. 37-8828. I am adding MIPAD as a "present owner" of the application for permit so that MIPAD will receive a copy of any correspondence that is mailed out regarding this permit.

The application for permit no 37-8828 is being held as there is a drought moratorium. Any questions regarding the status of the application can be directed to Southern Regional office at 208-736-3033.

Please feel free to contact me at 208-287-4952 if you have any questions regarding this matter.

Sincerely,

Emalee Rushing
Office Services Supervisor
