J.D.,

What we need in order to process your splitting of water right 29-13424 is a deed (either Warranty or Quitclaim) signed by all current owners (Paul, Thomas, Michael, J Davis Katsilometes, Rita Wakley, & Mary Reinbold) that gives you as sole owner the property description you submitted. From there we will be able to give you a portion of the total water right, based on the percentage of land in your possession, that you may use on the described lands. I believe the title company should be able to help you with this. If you have any other questions please contact me at (208)287-4962

Thanks,
Luke Roberts

Luke,

4/21/2009

Can you please clarify for me what I need to do next? Do I need to get the rest of the principals to sign a warranty deed to me for my portion of these water rights? Do I get this from a title company?

Thank you,
