DEPT. OF WATER RESOURCES
SOUTHERN REGION

REQUEST FOR EXTENSION OF TIME
TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF
BENEFICIAL USE FOR A WATER RIGHT PERMIT

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right and file proof of beneficial use of water. There is a **FILING FEE** of \$50.00 to be included with this form when filed with IDWR.

Permit No. 47-17435 Date Proof is Due: April 1, 2009

Name(s) of Permit Holder: City of Kimberly

Address: P.O. Box 7 City Kimberly State ID Zip 83341

Telephone No. (208) 423-4151 Email: _____

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

The City contracted with an engineering firm to prepare documents for a test well and pump test. A test well was drilled and pump tested for quantity and quality. A full water quality analysis of the water was completed. A subsequent pump test was then also completed to obtain additional water quality samples. The City along with input from the engineering firm is currently reviewing options to further develop the well. Costing \$ 52,000

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

Several of the water quality parameters were exceeded in the analysis from the first pump test. A subsequent pump test to obtain additional water quality samples was then needed to compare to the original results from the first test. The City is now in process of evaluating the options to further develop and complete this well. In addition, the public works process takes additional time to meet all public requirements and to obtain public support and funding.

Permit holder(s) request an extension to April, 1, 2013
