WATER RESOURCES
WESTERN REGION

To whom it may concern:

We have just received a letter from the Simplot company indicating there are water rights associated with property that we purchased from them in November of 2003 that are still in the name of SSI food. During the adjudication process, we discovered that these rights (63-07576 and 63-09432) along with rights 63-20548 and 63-20549 had not been transferred into our name, Johnson Research LLC at the time of the property purchase. We requested that the rights be changed during the adjudication process. 63-20548 and 63-20549, were processed, however the other two rights were not. Please transfer these rights into our name.

I am attaching a copy of the letter we directed to Lori Graves at that time. Please send verification that these changes have been made. We are assuming that since these initial attempts were made during the adjudication process that your \$25 fee will be waived.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Jeff Johnson', with a long horizontal flourish extending to the right.

Jeff Johnson
