Diana,

Water right 02-10343 was permitted and licensed for TFR Partnership which negates the need for their rental.

I spoke with Vern Sutton on April 1, 2009. Bar MB Ranches no longer needs to rent water under their agreement since the water cannot be diverted based on the priority of the rented right. Instead, Vern will divert water from the creek under Crane Creek Reservoir company shares. Paying for the rental would be an unnecessary expense.

If an application to rent either of these rights is received prior to the end of the current agreements, we should determine how to void or otherwise cancel the agreement. Please place a copy of this email in the water right files for 02-2240 and 67-2220 to provide an explanation.

Thanks,
Aaron

Subject: Multi-year rental fees not received prior to 3/15/2009

Aaron,

We have not received rental fees for the following multi-year rental:

02-2240	TRF Partnership (Bruce Smith)	\$882.00
67-2220	Bar MB Ranches (Vern Sutton)	\$2,240.00
	(phone #208-355-2452)	

Please let me know if you want me to call either regarding the 2009 rental fees that were due 3/15.

Thanks.
Diana
