Re: Permit Review

This permit is for Lot 9 in Copenhaver Subdivision. Currently, there are two other water rights that overlap this same place of use, 77-7366 (Cherry Spring) and 77-7359 (Salmon River). Combined those two rights are limited to one home and the irrigation of a 1/2 acre and are appurtenant to Lots 9 and 10. The applicant wants to sell and/or develop a home on Lot 9 therefore this new appropriation is needed to cover the new domestic use. The proposed point of diversion is described as being the same one used for right 77-7359.

This permit is within a W&S watershed and has been added to the W&S spreadsheet accordingly.
