CONDITIONS OF WATER USE

1. The use of water under this agreement shall be subject to the provisions of Section 42-1766, Idaho Code.
2. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 120.
3. Rental of the specified right from the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other department application process.
4. Use of water under this agreement does not constitute a dedication of the water to renter's place of use and upon expiration of this agreement, the points of diversion and place of use of the water shall revert to those authorized under the water right and/or again be available to rent from the bank.
5. This rental does not grant any right-of-way or easement to use the diversion works or conveyance works of another party.
6. This rental agreement does not authorize the construction of a well.
7. Use of water under this agreement shall not prejudice any action of the Department in its consideration of a permanent application for transfer filed by the applicant for this same use.
8. Renter agrees to comply with all applicable state and federal laws while using water under this agreement.
9. Renter agrees to hold the Board, the Director and the state of Idaho harmless from all liability on account of negligent acts of the renter while using water.
10. Renter acknowledges and agrees that the Director may terminate diversion of water if the Director determines there is not a sufficient water supply for the priority of the right or portion thereof being rented.
11. Failure of the renter to comply with the conditions of this agreement is cause for the Director to rescind approval of the rental agreement.
