***Re: Application for Exchange of Water #75007 in the name of Idaho Water
Resource Board and US Bureau of Reclamation***

Dear John:

We are in receipt of your letter asking all parties to provide a written overview of their protest by April 1, 2009. The purpose of this letter is to request an extension of that April 1, deadline. We request an extension until April 17, 2009. The reason for this request is that we have been unable to communicate with and get direction from our client. Our client is in the process of sorting out responsibility for pursuit of pending claims and litigation with the Receiver who has been appointed to take control of and manage the Tamarack Resort (the receiver is the Douglas Wilson Company). Our main client contact also recently had surgery. Thank you for your consideration of this request.

Sincerely,

Brian L. McMahon
