Aaron Marshall,
Senior Water Resource Agent
Idaho Department of Water Resources

DEPARTMENT OF
WATER RESOURCES

Dear Mr. Marshall,

I am waiting to amend my application per our phone conversation of today.

I would like to add the following $\frac{1}{4}$, $\frac{1}{4}$'s: T4SR31E Sec 16, 51/2 SE SE, NESE, NWSE, SWSE, with 30 acres in each $\frac{1}{4}$ $\frac{1}{4}$. That will give me 2 pivots in Sec. 16.

Also, I would like to add 30 acres in each $\frac{1}{4}$ $\frac{1}{4}$ of T4SR30E Sec 34: SESE, SWSE, NESE, NWSE SENE, NENE, NWNE, SWNE. This equals 2 pivots in Sec 34, Sec 33: NENE, SENE, NWNE, SWNE.

This P.O.D. is in Sec 34: SWSE. With a 200 H.P. deep well pump approx. 200' lift. This would be 1 pivot in sec. 33 for a total of 5 pivots and I have listed them in order of importance if there is not enough water for all 5. I own all of the above land including P.O.D.

Sincerely,

Reid G. Stewart
