3. Describe the effects on other water uses resulting from the proposed change:
Original place of use under these portions of transferred rights will no longer be irrigated.
Combined ESPA transfer spreadsheet analysis indicates Snake River reach impacts due to these rights will remain within 5% of calculated historical levels.
See attached combined ESPA Transfer spreadsheet analysis for details.

I hereby assert that no one will be injured by such change and that the change does not constitute an enlargement in use of the original right. The information contained in this application is true to the best of my knowledge.

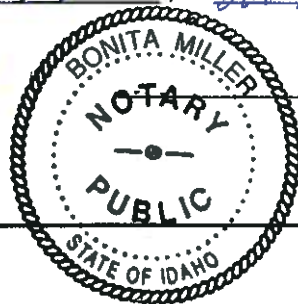

I understand that any willful misrepresentations made in this application may result in voiding its approval.
