Subject: RE: Blue Lakes Country Club Rental

Aaron -

I recall that last year I recommended one additional year's approval of the Country Club's rental application, but indicated I would recommend denial of subsequent rentals because the Country Club needed to pursue some permanent water right solution to fill Bass Lakes.

I guess this is the subsequent rental application and unless someone gives me a really good reason to recommend approval, I will recommend denial to force their hand to file a transfer.

Subject: Blue Lakes Country Club Rental

Cindy,

As Watermaster of District 130, do you have any comments or concerns about Blue Lakes Country Club renting water in 2009 as they have done for the past six years to fill Bass Lake and Little Bass Lake? They are seeking one additional year through this rental application for the same quantity of water from Alpheus Creek as previous rental agreements, 0.22 cfs and 44.0 acre-feet. The rights rented are 36-2083A, 36-2083B, and 36-8593. Please provide comment as soon as practicable. Thanks.
