Mr. Orser,

Your water right Permit 95-9432 was approved with a proof of beneficial use date of 02-01-2009.

On 11-30-2008 a letter was sent requesting that you file a Proof of Beneficial Use (Proof) or an Extension of Time (Extension) form before 02-01-2009.

On 02-09-2009 a letter was sent notifying you that since neither form was received your Permit has lapsed. The letter also advised that if you submit either the Proof or the Extension with associated fee within 60 days the permit could be reinstated. After that date, further information will be necessary to have the permit reinstated (see Idaho Statute 42-218A).

I have attached copies of the lapsed letter, Idaho Statute 42-218A, forms & instructions for your review. Only by submitting one of these forms within the 60-day period following the lapse notice can the Permit be reinstated. Perhaps you can complete the appropriate form & mail it with fees from where you are, or forward the completed form by email to someone stateside to submit with the necessary fee.

If I can be of any further assistance in this matter, please contact me again.

Subject: Regarding Lapse Notice...

Re Permit no. 95-9432

We received a word that a Lape Notice had been received in our mail.

3/2/2009

We will be in India until late March. If at all possible please give us until then to get back to you regarding our water use permit.

A reply to this email would be appreciated.

Thank you.

Sincerely,

Del Orser
