Catherine S. Dawson Revocable Trust
526 Mall Drive
Schaumburg, IL 60173

Dear Ms Dawson:

In January of 2008, our office received a transfer application filed in the name of the Catherine S. Dawson Revocable Trust. The application was submitted by Brockway Engineering and proposes changing the point of diversion of right 37-276F from a point on the Big Wood River to a nearby well. Initial review of the application indicated that there are a couple of items that need to be addressed before the application can be processed. On January 18, 2008, a letter (copy enclosed) was sent to Brockway Engineering outlining the items that need to be addressed. As of this date, the Department has received no response with regards to your application.

The Department will hold further processing of your application for 30 days to allow submittal of the required information. After that time, if adequate information is not received, the Department will issue a preliminary order to reject the application.

If you have any questions, or if I can be of any further assistance, feel free to contact me at your convenience.

Sincerely,

Corey Skinner, PE
Water Resource Engineer
