RE: Water Right 29-13468 Change in Ownership Notice

Mr. and Mrs. Jackson:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership for Permit 29-13468.

During our review of the documentation you submitted we found that the legal description submitted with your notice and the place of use (POU) of the water right indicated by the notice did not match. I have enclosed a copy of the water right and an exhibit depicting the water right's current POU and the parcel of land described by the legal description submitted with the Notice for your reference. Please be aware that a Notice of Ownership Change is not a sufficient means for transferring the POU of a water right, if it is truly your intent to transfer the POU please refer to the Changes in Use Section of our Webpage which can be found at the following web address:

http://www.idwr.idaho.gov/water/rights/water_rights_forms.htm

If it is not your intent to transfer the POU, please submit a legal description verifying your ownership of the property that the water right is currently associated with. Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

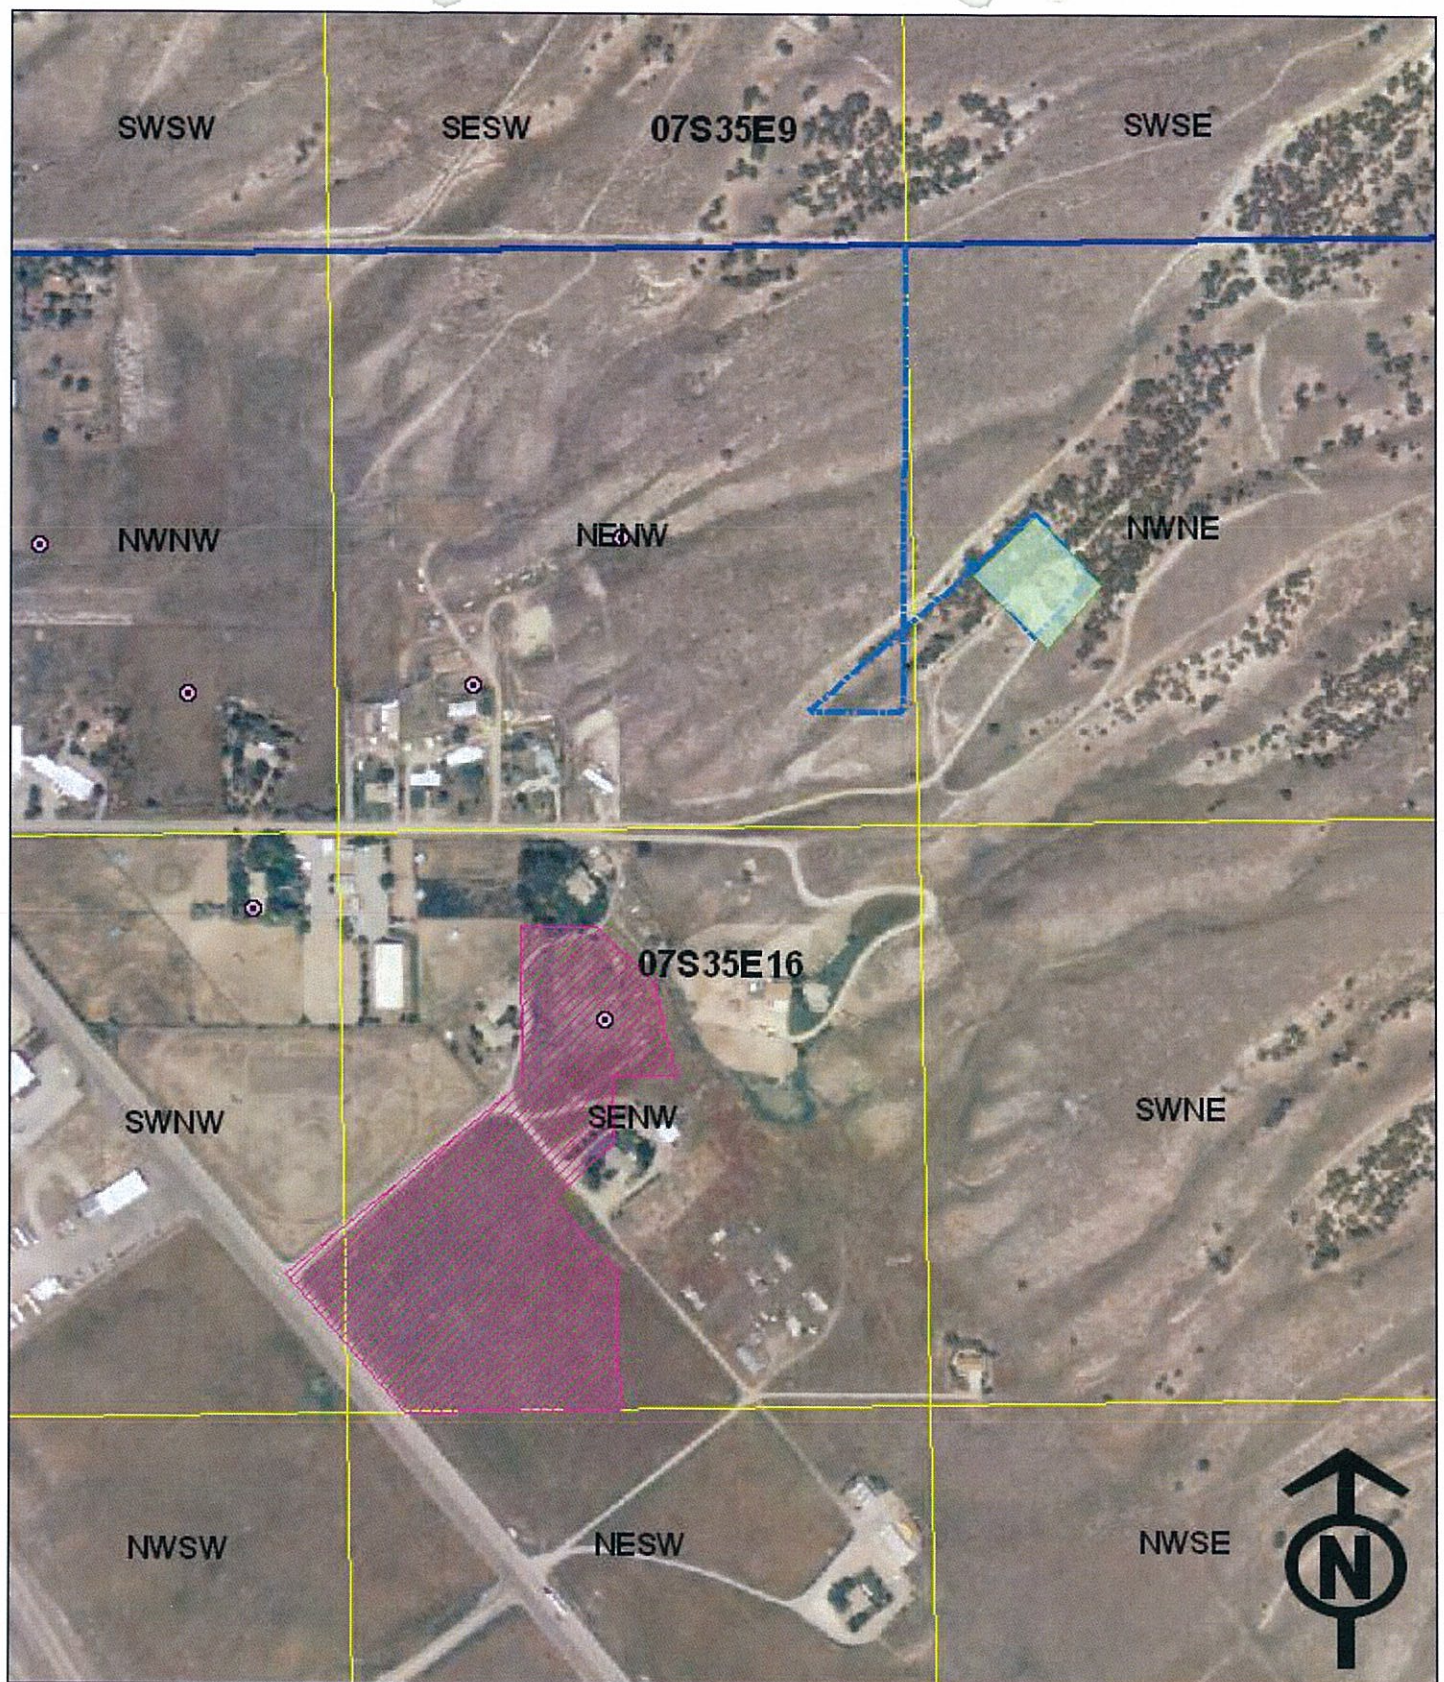

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

Please feel free to contact this office if you have any questions.

Respectfully,

Mathew Weaver, PE
Staff Engineer
