Subject: Statement of Completion for submitting proof of beneficial use for permit no. 65-22854

Mr. Cerovski,

I received your Statement of Completion in the mail today and by fax. However, I cannot accept either one because there is a \$50.00 filing fee required.

The fee is based on the rate of diversion on the proof that you submitted, and is required because the water is from a surface water source. The Department cannot accept the form without the required fee and the statement will be returned to you for submittal with the fee. A delay of the fee and form may subject the permit to a loss of the priority date established.

If you have any questions, please review the instructions and fee schedule that was provided to you with the proof notice. Please contact me immediately. I will return the form to you for submittal of the fee, or you may submit the filing fee separately.
