Re: Receipt of Proof & fee

The permit holder filed proof of beneficial use without the appropriate filing fee. Based on Idaho Code Sec. 42-217 a letter was sent to the permit holder that allowed him a 15-day grace period to pay the filing fee without affecting his priority date. The permit holder paid the filing fee within the 15-days and the proof and fee was acknowledged.

See attached notes from conversations with Jeff Peppersack on how to handle proofs filed without filing fees.
