Re: Application for Transfer 74642 – Information Request

Mr. Gibby-

We recently processed an application for transfer (74642) to change the place of use of water right 45-13962. This application has been advertised and no protests have been received. However, in our post processing review, we realized that a parcel of land listed in the new place of use appears to be owned by Mr. Reed Gibby. These parcels are located in TWP 11S, RNG 24E, Sec. 27, NWNE, SWNE, & SENW. I've identified these parcels on the accompanying map. In order for us to finalize and approve the transfer, we need a letter from Mr. Reed Gibby allowing V&R Farms to move the water right to that parcel. Please send this required information within 30 days of this letter. Failure to provide this information may be cause to reject the transfer.

If you have any questions regarding this letter, please don't hesitate to contact me.

Sincerely,

Jeffrey S. Cooper
Senior Water Resource Agent – Southern Region IDWR
