RE: NOTICE OF DIVERSION AS AN ALTERNATE TO INSTREAM STOCKWATER USE

Dear Applicant(s):

The Department of Water Resources has received your application. Preliminary review of the application indicates that it is incomplete and cannot be accepted for processing. We are returning your application to allow you to complete the necessary items. The required information is described below.

The Point of Diversion was not provided correctly. The alternate point of diversion should be 14S 43E sec 1 NESESE Gov lot 6.

There are questions concerning the beginning and ending points of the in-stream stockwater use. The legal descriptions for the beginning and ending in-stream stockwater use appear to be incorrect.

Please review application and call us before corrections to the application are made.

Sincerely,

A handwritten signature in black ink, appearing to read 'Blake Jordan', is written over a horizontal line.
