Additional hydropower project information: N/A

Additional fish propagation project information: N/A

Appropriation Rule 40.05.c information: N/A

Mitigation Plan or acceptance form: N/A

Evidence of Pre-1987 development: N/A

3. jstanton 2/20/2009 Comment/Analysis

Comment: This application covers domestic use, include lawn watering, in two existing homes. The well was drilled in 1999; a copy of the driller log has been placed in the application file. The use is clearly shown on the 2004 ArcMap photo; I did not view earlier photos. The use is de minimus under 42-111(a), Idaho Code, and is therefore exempt from the 1992 moratorium. Although a permit is not required, the owner has decided to obtain one anyway. The permit should be approvable with standard conditions.

4. jstanton 2/20/2009 Legal Notice Remarks

Comment: This application covers the use of a culinary well drilled in 1999 to serve two homes and small lawns. Canal water is also used on the lawns. The property is located 1 mile west and 4 1/2 miles south of the SW corner of Buhl, Idaho.
