

Transfer 73263, Hallen.

10/30/08.

D- Robert Hallen

Purchased 1990. - Delapidated state.

contacted F&G - not concerned about little
4th as fishery.

- contacted IDWR - submitted permit - w \$35⁰⁰
returned because pond was too small.

- harvest 75 to 100 ton of hay.

- One p.d. presently - pumps to both
fields & lawn.

- F&G - dropped objection -

- Priority date two days ahead of Vethrus reg. lt.

- Vethrus is one mile upstream from Hallen.

- Pond provides stockwater during winter.

- Fajung -

- digging up $\frac{1}{2}$ acre. to accommodate pond.

- Enlargement - no enlargement

- local public interest - only protestant is
Mr. Vethrus.

X-exam

- Mr. Hallen constructed pond -

- Headgate would drain pond to 3' depth, -
- 12" water near headgate.

D. Cindy Hallen

- Two miles up canyon -
- ~~Veithrus~~ portable dam to divert water for irrigation.

Vethrus -
headgate design -

- pump & pond are only two diversions.

D - Vethrus -

- Doesn't object to agriculture storage does object to recreation storage
- Not designed by engineer.
- Stream is subject to Clean Water Act.
