Re: Application For Permit to Appropriate the Public Waters of the State of Idaho

Dear Mr. Umland:

The Idaho Department of Water Resources is in the process of issuing a permit for your water right application; however, before one can be issued a well upgrade fee is needed.

On December 12, 2008 the department corresponded with you explaining the reason for the well upgrade fee, copy enclosed for your reference. If you are still interested in receiving a water right, please submit the fee to the Northern Regional Office within the next 30 days. If the fee is not received within the allotted time period, the department will assume you are no longer interested in pursuing the water right and will remove your application from the active list.

If you have any questions, feel free to contact me at this office.

Sincerely,

Keith E. Franklin
Senior Water Resources Agent
Enclosure
