RE: Protest

Date: October 27, 2008

.....

Alan Sands called again this morning to give me an update on what he is doing to resolve the protest of this application. He spoke briefly with Wayne Williamson this week and they will be meeting sometime this week to discuss protest resolution. He has left a message for Mr. Davies regarding this matter but has not received a return phone call. He is hoping that the protestants will both withdraw their protests by the end of the week.
