RE: Change of Ownership for Water Right 11-7613 (split into 11-7627, 11-7628, and 11-7629)

Dear Water Right Holder:

The department acknowledges receipt of correspondence changing ownership and splitting the above referenced water right. The department has modified its records to reflect the change and has enclosed a computer-generated report for your records.

Your portion of the water right has a specified point of diversion, nature of use and place of use. If you plan on changing any of these, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. If you do not plan on changing any items on your water right, then no further action is required at this time. Changing ownership of a water right does not confirm the validity of the aforementioned water right(s) nor does it confirm that ownership of the right(s) is/are limited in ownership to you. Please note that while investigating your ownership changes, Water Rights 11-936, 11-937, 11-938, & 11-7488 were found to be partially appurtenant to your property.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at:

www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Emalee Rushing
Office Services Supervisor
