Re: Application for Permit for Moo View Cow Palace – Searle Brothers
Project No. 629-02-2006

Dear Jeanie:

Enclosed is a Request for Withdrawal of Application Permit #45-14106 for Moo View Cow Palace. This original permit was submitted to IDWR on 1-18-08 for domestic (4 homes) and stock water (300 range cattle), from Woodbury Springs.

We would like IDWR to retain check #7655 dated 1-18-08 in the amount of \$100 from this withdrawn application and apply it as the fees required for the application you currently have, submitted 8-12-08, for Moo View Cow Palace for domestic (1 home) and stock water (600 range cattle) from Woodbury Springs. After our conversation this afternoon, I understand that with this request for withdrawal, you have all the documents and moneys needed to process the application submitted 8-12-08. If this is incorrect, please don't hesitate to give either myself or Erick Powell a call.

Today, we also visited about Application Permit #45-14107 for stockwater and recharge for Moo View Cow Palace. Travis Thompson, Moo View Cow Palace's attorney, is working with the SRBA court and IDWR to correct a period of use error on water right no. 45-690. We request that no action be taken on this permit application until Mr. Thompson's efforts are completed. If successful on amending the partial decree for water right no. 45-690, the permit application 45-14107 may be withdrawn. We appreciate your patients on this matter. We will keep you informed on Mr. Thompson's progress.

Thank you so much for your assistance today and help to move these permits forward.

Sincerely,

Ann Pool, Hydrologic Technician
