RE: Water Right Permit No. 02-10343

Dear Permit Holder(s):

The Department of Water Resources acknowledges the Statement of Completion you submitted in connection with Permit No. 02-10343.

The Department is reviewing the permit prior to issuing a water right license. Based on the examiner's report, the place of use was developed differently than described on your permit. By issuing a license, the Department confirms the extent of development that has been established in compliance with the terms of the permit. Changes that do not increase the authorized use of water under the permit can be requested and approved in accordance with Section 42-211, Idaho Code. Before a license can be issued, your permit must be amended to depict your place of use as it was actually developed.

The enclosed Application for Amendment form depicts the elements of the water right as they will appear on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it with the \$50.00 filing fee within 14 days.

If you have any questions, please call me at 208-287-4947.

Sincerely,

Shelley W. Keen, Manager
Water Rights Section
