

MEMORANDUM

Date: January 02, 2009
To: Water Right File 36-16099
From: nvandyke
Re: licensing

Condition 18B regarding a certificate of approval per the dam safety provisions of Idaho Code was not placed on the permit and subsequently the license because the pond has a storage volume of less than 10 acre-feet, thereby considered non-jurisdictional in the Dam Safety Program.
