Emalee,

Please follow up on the address change notice below. Our normal policy is to require a signed notice, but we can probably make an exception in this case. Be sure to include the email in a water right file or other file.

Thanks.

Shelley

Dear Custer County Resident:

Custer County is determining physical addressing to enhance its 9*1*1 emergency telephone system. Your new physical address will help emergency services save time by locating you faster in an emergency.

Your new physical address for emergency services is:

***3 75 Darling Creek Road
Challis, ID 83226***

***The previous number was... 1 Darling
Creek Parcel ID # RP14N19E070010A***

Please place your new address number on your driveway entrance so that it is visible from the road. The address numbers should be at least 4 inches tall and a contrasting color. Do not place your physical address on your mailbox until instructed to do so by the USPS.

Custer County will only notify the property owner of any address changes. You may make copies of this letter if you need to notify others of this change. For example, insurance companies, mortgage companies, banks, etc.

Custer County appreciates your cooperation with implementing this life-saving service. Please keep this letter as a record of your new address. If you have questions about your physical address, please visit the Planning & Zoning Office.

Respectfully,

Stacie Angelopoulos Planning
