RE: Water Right Permit No. 37-8873

Dear Permit Holder:

Currently I am preparing the license for permit 37-8873. One of the conditions on the permit is that a measurement device shall be installed/maintained to measure the amount of water entering and leaving the pond. At the time of the examination no such device had been installed.

You may file a request to waive this condition. The Department will then contact the watermaster of district 37 for consideration of the request. Please respond to this letter by mail or email. If you have any questions please don't hesitate to contact me.

Sincerely,

Nick Van Dyke
Agent, Water Allocation Bureau
