RE: Water Rights 75-14482 and 75-14484

Greg Colvin
PO BOX 4
ELLIS, ID 83235

Dear Mr. Colvin,

In the processing of the original transfer it has come to my attention that there was a small error in the original application. The new diversion was listed in range 20E as opposed to range 21E. In order to correct this error an amended application will be needed. The advertisement in the paper was correct so further processing time will not be required, just the amended document. I've put a sticky on the last page showing the correction. I've included two copies with this mailing; one for your records, and one to be returned. Please notarize, sign, and return at your earliest convenience.

Respectfully Submitted,

Nate Arave
Sr. Water Resource Agent
