RE: Water Right 63-10511

Dear Mr. Reiman:

As we discussed on the phone, I have enclosed a copy of Water Right License 63-10511 and an ownership change form. Please note that *Idaho Code* Section 42-248 requires the owner of this water right to maintain current ownership and address records on file with the department.

Also, please be sure to read and comply with the conditions of approval listed on the license, especially condition no. 7. *Idaho Code* Section 42-350(1) says:

If the director of the department of water resources finds, on the basis of available information at any time after a license is issued, that the licensee has ceased to put the water to a beneficial use for a period of five (5) continuous years or that the licensee has wilfully or intentionally failed to comply with any of the conditions in the license, or has wilfully or intentionally failed to comply with provisions of the law governing the license, then the director of the department of water resources may issue (a) an order to show cause before the director of the department or the director's designee on or before a date therein set, which shall be not less than thirty (30) days from the date of service, why the director of the department should not revoke said license; or (b) an order directing the licensee to cease and desist the activity or activities alleged to be in violation of the conditions of the license or in violation of provisions of the law governing the license. A cease and desist order may direct compliance with the license forthwith or may provide for a time schedule to bring the licensee into compliance with the conditions of the license.

If you have any questions, please call me at 208-287-4947, or email me at shelley.keen@idwr.idaho.gov.

Sincerely,

Shelley W. Keen
Water Rights Supervisor
