Re: City of Moscow's Application of Water Right Transfer to Add a Point of Diversion
to Right 87-7069

Dear Mr. Robischon:

The Idaho Department of Water Resources is requesting your comments regarding the City of Moscow's Application of Water Right Transfer 75040 to add a point of diversion to existing Water Right 87-7069. The purpose of the second point of diversion or new well is to allow for redundancy in their system in the event of an existing well failure. The request will not cause an expansion of the water right.

A copy of the transfer document is attached for your reference. Comments are appreciated before to Right 87-7069 January 16, 2009 and if you have any questions, feel free to contact me at this office.

Thank you.

Sincerely,

COPY
