SUBJECT: TRANSFER 75040 TO WATER RIGHT 87-7069

Dear Mr. Franklin:

In accordance with the April 18, 1992 Interagency Agreement, the Palouse Basin Aquifer Committee (PBAC) has reviewed and discussed the subject water right transfer. As the transfer will result in no expansion of the water right, the group has determined that the transfer is in compliance with the Ground Water Management Plan, and PBAC is therefore not in opposition to its approval.

On behalf of PBAC, I'd like to thank you for providing a copy of the transfer document for the group's review. The Committee's mission to ensure a long-term quality water supply for the Palouse Basin region can only be realized through effective stakeholder collaboration, and your proactive approach to providing timely information is appreciated.

Sincerely,

Steve Robischon
Executive Manager
Palouse Basin Aquifer Committee
